What are the details?

Figuring out how to pay for college can be overwhelming. That's why we offer the Smart Option Student Loan. With three repayment options and competitive interest rates, you've got choices that can help you enjoy payment flexibility while in school. Loan repayment options include:

- Interest Repayment Option — Pay interest while in school and for six months after school.²
- Fixed Repayment Option — Pay just \$25 a month while in school and for six months after school.^{2,5}
- Deferred Repayment Option — Defer payments until after school, or pay as much as you want while in school, to enjoy maximum flexibility.²

What else do I need to know?

If you have little or no credit history, consider adding a cosigner, such as a parent or other creditworthy person. This may help lower your interest rate. It may also give you a better chance of approval. Plus, after graduation a borrower may apply for their cosigner to be released from the loan once they have made 12 consecutive, on-time principal and interest payments and meet certain credit requirements.⁶
