

Accessibility Statement

Service Credit Union is committed to providing a website that is accessible to all of our members. In order to offer that experience, we are actively engaged in monitoring our website content and ensuring conformance to Level AA success criteria of the [Web Content Accessibility Guidelines \(WCAG\) 2.0](#). These important guidelines help make web content both accessible to those with disabilities and user friendly for all visitors.

As part of this ongoing accessibility initiative, we are using the Siteimprove Intelligence Platform™ to help identify and prioritize accessibility issues on our website. We will continue to test the site and work to improve the level of accessibility.

While continually improving the accessibility of our website, we realize that it is an ongoing process. If you have a disability and find our site difficult to use, please email us at marketing@servicecu.org. The following information would be helpful to us to identify and address the issue:

- The nature of the accessibility problem
- The web address of the pages
- Your contact information so we can gather more information if needed
